ENTERPRISE STRATEGY

CORPORATE CULTURE

Enterprise spirit

Create attractive quality and cultivate a loyal customer base. Integrity should be emphasized within the company, especially in interactions with society, customers, and partners.

Cultural essence

"Wisdom, tolerance, sensitivity, innovation, diligence, self-discipline, cooperation, and dedication"

Continuously collecting knowledge crystals, continuously outputting intelligent innovation achievements, with a learning spirit that embraces all rivers and an open and accommodating professional attitude, and a "bee" style wisdom and professional spirit, to enhance the competitiveness of enterprises

Corporate mission

High starting point, strict requirements, quality assurance, safety assurance, promotion, striving for excellence

Seize market opportunities, master high-end technology, innovate to lead development, and achieve breakthroughs in new products and fields

Corporate Values

Dedicated to work, innovative and far-reaching, rigorous and meticulous, innovative and efficient, united and striving forward

With the character of "responsibility, honesty, and integrity" and the mentality of "science, innovation, and harmony", the team unleashes unlimited potential for customer satisfaction and loyalty.

Creating team spirit Brand building enterprises

Jiongtai prioritizes social responsibility for development as its corporate quality. I hope to become the quality of all Jiongtai people, working together to create a harmonious Jiongtai, putting people first to create a vibrant Jiongtai, and pursuing excellence to create a developing Jiongtai.

Craftsmanship spirit

Strive for excellence

Continuous innovation

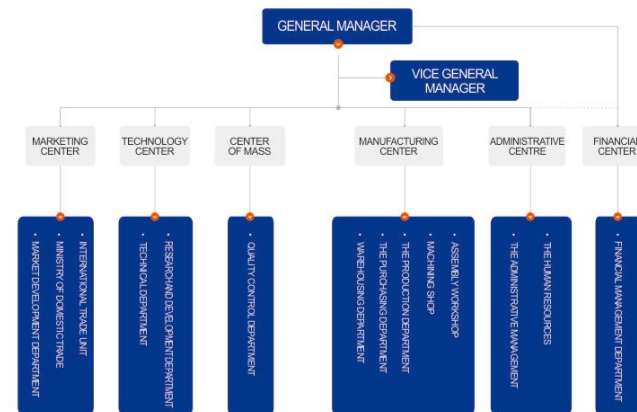

Professional service

Excellent quality

Customer first

ORGANIZATIONAL STRUCTURE

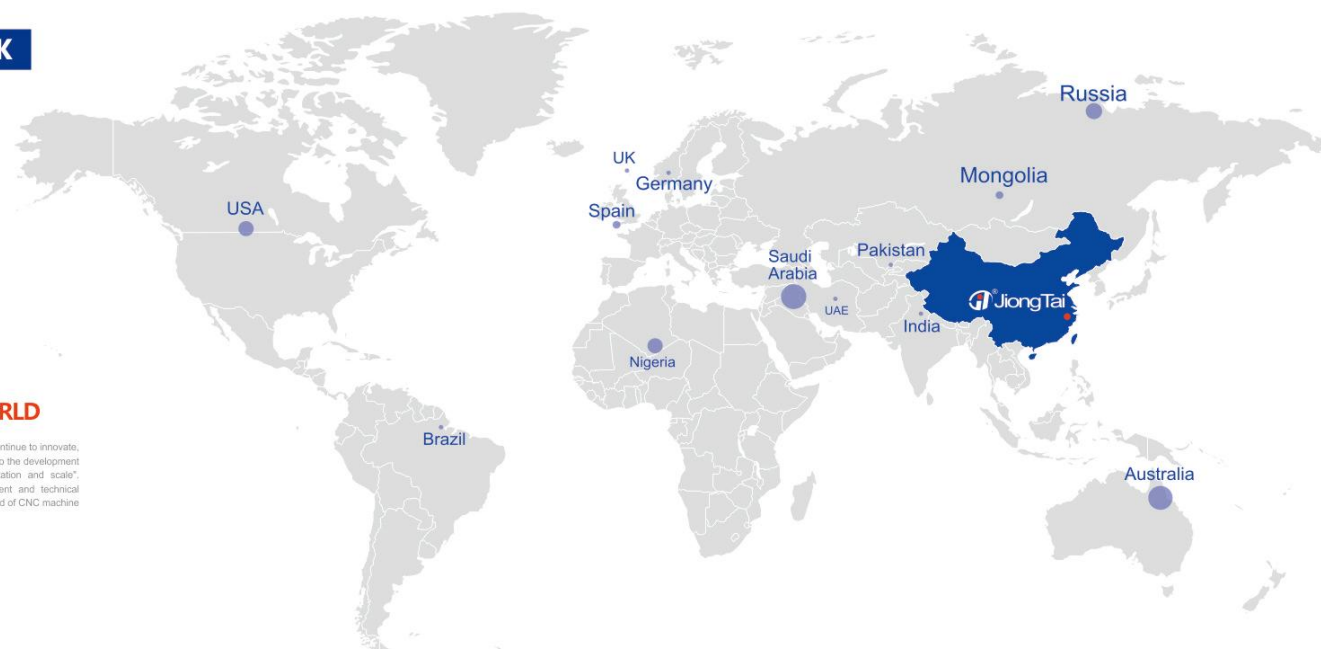

Precise structure, fine division of labor and sincere cooperation have laid a quantitative foundation for each leap of Jiongtai.

MARKETING NETWORK

ROOTED IN CHINA SPREAD ALL OVER THE WORLD

With its high-quality products and good after-sales service, we will continue to innovate, strive to forge ahead and keep pace with the times! We will adhere to the development goal of "internationalization, science and technology, industrialization and scale". Vigorously introduce advanced equipment, enterprise management and technical service talents to build a domestic and international high-quality brand of CNC machine tools.

R&D/Design
